

SUTTON

Mrs. Judith Clark, who has been with her daughter, Mrs. Ernest Eggers in South Dakota for the past winter, returned to her home here last Tuesday night.

Mrs. W. A. Densmore of Lyndonville is the guest of her niece, Mrs. C. A. Aldrich.

Mr. and Mrs. L. W. Gordon and Mrs. Ada Butterfield are on the sick list.

Mrs. Joel Chesley and daughter, Ruth, were week end guests at S. G. Chesley's.

Miss Ethel Chapman who has been teaching in the Whitcomb High school at Bethel is at home for the summer vacation.

Mrs. Sophie Watson who has been at her home here for some time has returned to Barton.

Uncle Harlow Esterbrooks is gradually failing and his friends fear he will not live to see his 96th birthday which comes this summer.

Mrs. F. B. Norris is not gaining as fast as her many friends wish. She has severe rheumatic trouble.

Rev. J. C. Harrison and Mrs. G. L. Gordon attended the Baptist Association at Hardwick last week.

The Misses Sarah and Florence Dole of Campton, N. H., are guests at R. R. Davis.

The meetings of the church are to be held at the church during the summer instead of at the hall with the exception of the C. E. which will be at the hall as usual.

Sutton Grange will hold a fair and sale at their hall, Thursday afternoon and evening, June 25th. Supper will be served. Proceeds of this sale will apply on debt on building.

from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies.

There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

Plans For Fourth of July—A Reception at Mr. Bunker's—Personal and Local

Plans are progressing for quite an extensive celebration at "The Pond-side" at Ewell's Hollow, July 4. It is expected there will be a ball game and other attractions to be announced next week.

An illustrated lecture was given Thursday evening at Academy Hall under the auspices of the Library Association. After the lecture a reception was given the party at the home of Hon. C. A. Bunker. It was the same party of excursionists that went to Europe last summer in company with Mr. Bunker and the moving pictures given illustrated the trip. The next day Mr. Bunker acted as conductor, taking the party over some of the mountains where they found views equal to any to be found anywhere. These tourists all left at an early hour Friday, feeling that this was a pleasant place to visit.

Quite a number attended the reception at Danville Friday evening to the graduating class.

Mr. and Mrs. Harry Quimby of Boston are spending a week in town. Miss Gertrude Quimby will remain for a while.

The Ladies' Social Circle will meet Thursday, June 25, with Mrs. George Darling at Greenbay.

Alfred Peak and Miss Ella Davis visited Mr. and Mrs. Fred Foan at St. Johnsbury Saturday.

Mrs. John Varnum was called to Ohio Monday by the serious illness of her mother.

Mr. and Mrs. Ed. Ricker of Groton visited at Milton Farrow's, Sunday.

Miss Prentiss has had the Molly's Falls telephone installed in her cottage.

Dr. A. J. Mackay spent the greater part of last week at Montreal.

Miss Blanche Renfrew is home from her school in Barton.

Mr. and Mrs. Harrison McLaughlin were at Cabot Sunday.

Mrs. Martha Sterling of Adamant is working for Ira Jennings.

Mrs. George Taylor is spending a week with her son, F. E. Taylor at the "old place."

Mr. and Mrs. E. J. Hobart went to Adamant Saturday and returned Sunday.

Rev. Mr. Green went to Greensboro Monday to a preachers' meeting.

The North Peacham Social Club will present the two act play entitled "The Cabbage Hill School" at the North Part school house, Friday evening, June 19, to be followed by a box supper.

Aurilla Hand was born in Peacham, Aug. 30, 1851, and her home was here until 1873 when she went to Rock Falls, Ill., where her parents were living. In 1876 she married George B. Hebbethwaite and their home was near Palermo, Canada, until Mr. Hebbethwaite's death. In 1886, in March 1887 she came with her two boys, Howard and Merrill to live with her father and mother in Peacham. She was a member of the Woman's Christian Temperance Union and a faithful worker in both as well as the Missionary Society and every good cause. Her life work was aptly expressed by the text used at her funeral, "Well done good and faithful servant." Last October her health failed in a measure and she never regained it. May 25th she had a shock and suffered very much until death came to her relief, Friday morning, June 5th. The funeral was at her late home Saturday afternoon. Her son Howard, always faithful in his care for her came Saturday morning from his home in Ashbury Park, N. J.

LOWER WATERFORD

The graduating exercises of the schools in town will be held in the church Friday, June 19. The ladies will serve a dinner at noon.

Miss Blanche English spent Saturday and Sunday at her home in Littleton, N. H.

Master Eddie Lenton had a party Saturday afternoon at the Parker Pond.

Mr. and Mrs. Fred Hastings and children visited Sunday at Concord.

Comforting to Stout People.

Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy, gassy taste. A stout person who uses them constantly will really feel thinned out and more comfortable as a result of their use. C. C. BINGHAM, adv.

EAST CONCORD

John Colby and family of Woodville were at Charles Hosford's Sunday.

Mrs. John Gilchrist and Helen visited at Daniel Gilchrist's in North Haverhill Saturday.

Forrest Emery was in St. Johnsbury Saturday.

Champion Litter of Puppies

Last March a small Fox Hound came to the Grout farm in Kirby and seemed inclined to stay, so the owner not caring for her, gave her to McKoy Ford. McKoy named her Fannie and gave her food, a good bed at night, and all the members of the household joined in treating her kindly and she returned their kind attentions in her friendly way.

June 10th she presented McKoy with a litter of 17 likely pups, of which she is very proud. This is an unheard of number, nevertheless it is a true statement.

TO THE PUBLIC:

THE State of New York, through its Department of Insurance, has completed the examination of the Metropolitan Life Insurance Company which it is required by law to make every three years. The Chief Examiner, in concluding the report, said:

"The treatment by this Company of its policy-holders in the prompt payment of their claims, in the voluntary payment of millions of dollars in bonuses, and in its social welfare work—are features of the Company's business which deserve commendation."

The Superintendent of Insurance, the Hon. William Temple Emmet, in approving the report, wrote an extended review from which we make extracts:

THE COMPANY'S GROWTH AND MANAGEMENT.

"The administrative officers of the Company * * * have so increased the assets of the Company as to make these equal the resources of many states and even nations. They have at the same time steadily cheapened the cost of insurance to policy-holders, both by direct means and by the distribution of bonuses."

[The report shows that the Company has given back \$35,367,293 in bonuses to Industrial policy-holders in nineteen years.]

"They have extended the Company's business to such an extent as to bring it into contact now with approximately one-eighth of the population of the United States."

[The number of policies outstanding December 31, 1913, was 13,957,748.]

"That this notable growth has involved no sacrifice of efficiency in the handling of administrative details, but, on the contrary, has been the direct result of constantly increasing efficiency, is shown by the comparatively small losses sustained by the Company in proportion to the large investments made."

ITS POLICY-HOLDERS SATISFIED.

"The fact that the percentage of lapses due to the abandonment of their insurance by policy-holders is constantly decreasing, speaks eloquently to the same effect."

[The lapse ratio of Industrial policies has decreased 31.7 per cent. in eight years.]

"This last mentioned development is perhaps the most convincing evidence which could be offered that the Company's policy-holders are, broadly speaking, very well satisfied indeed with what they get in return for the premiums they pay. A very remarkable showing altogether."

ITS SOCIAL SERVICE.

"This Company waited for no changes in existing law before striking out as a pioneer among insurance companies along the pathway of social service on a huge scale."

"For years it has maintained for its policy-holders a nursing service upon a great scale; this has latterly become a veritable marvel of efficiency and practical helpfulness."

[Metropolitan nurses made 1,127,022 visits to sick policy-holders in 1913, for which the Company paid the bills.]

"Leaving out of consideration the mere numbers of those who have been directly benefited by these activities, I think that the example which the Metropolitan has set to other great business organizations by its early recognition of the new responsibilities attaching to all business enterprises which have attained a certain size, is one of the most beneficial of recent occurrences in the field of American business. For years it has through its publications upon the question of health conservation been serving multitudes of people as a sort of University of beneficial instruction upon this most important subject."

ABREAST OF MODERN THOUGHT.

"This great institution, having so very recently been under our critical scrutiny and presenting so many admirable illustrations of what an efficient and enlightened modern business organization on a large scale can do in the way of keeping abreast of modern thought, seems to be in a position where I may properly use it as an illustration * * * that private initiative and enterprise are at their best still capable of doing the finest possible work in fields from which, latterly, all the talk has been that these agencies should be compelled to retire."
